

# Application for a Medicare provider number and/or prescriber number for a medical practitioner (HW019)

## When to use this form

Use this form if you are an eligible medical practitioner and would like to apply for an initial or subsequent Medicare provider number and/or a prescriber number.

You can also close locations or re-open a previously closed location using this form.

To find out if you are eligible to register, claim or access Medicare services, go to [servicesaustralia.gov.au/hpmedicarebenefits](http://servicesaustralia.gov.au/hpmedicarebenefits)

## Applying online using Health Professional Online Services (HPOS)

If there are no eligibility restrictions (for example, government funded entity or registration restrictions), you can apply online using HPOS. HPOS provides a secure and convenient online service for health professionals to streamline interactions with Medicare.

HPOS allows eligible non-restricted health professionals to:

- apply for a subsequent location provider number
- close and re-open provider locations
- update address and contact details
- update banking details.

To create an account and/or access your records through HPOS, you will need a Provider Digital Access (PRODA) account. To register for a PRODA account and find out more about what your health profession can do in HPOS, go to [servicesaustralia.gov.au/hpos](http://servicesaustralia.gov.au/hpos)

## Recognition

If recognition is required for access to Medicare as a specialist or consultant physician, you will need to complete the **Application for recognition as a Specialist or Consultant Physician (HW077)** form. This form is available at [servicesaustralia.gov.au/hpforms](http://servicesaustralia.gov.au/hpforms)

## Access to Medicare

You must apply for a unique provider number for each location and profession you practise in.

Provider numbers are allocated to enable eligible health professionals to:

- provide services listed under the Medicare Benefits Schedule (MBS)
- refer to relevant specialists and/or consultant physicians, where eligible
- request certain imaging and pathology services, where eligible.

The provider number identifies the location from which a service is provided. If you are no longer working at a location, you must close the provider number.

## Claiming a Medicare benefit

Medicare services claimed must be performed when working in a private capacity except where the health professional is employed by, or under contract to, a facility that has been granted an exemption under subsection 19(2) and/or 19(5) of the *Health Insurance Act 1973*.

Medicare services must be provided by a private practitioner to privately billed patients. This means a health professional cannot provide Medicare services as an employee of a public hospital or other government funded entity.

## Change in Residency Status

If you are a temporary resident and become a permanent resident **you must tell us immediately**. Any delay or failure to notify a change of residency status, may mean you receive money that you are not entitled to and result in a debt.

## Use of residential addresses

Careful consideration should be given to using a residential or other private address. Provider number location addresses may be publicly available, for example:

- included on written referrals
- available to private health funds.

## For more information

Go to [servicesaustralia.gov.au/healthprofessionals](http://servicesaustralia.gov.au/healthprofessionals) or call **132 150** Monday to Friday, 8:30 am to 5 pm, Australian Eastern Standard Time.

Call charges may apply.

An application will be returned if information is missing and/or not signed. Digital or electronic signatures are not acceptable.
